

Now, there are two great reasons to contact your California Casualty Auto and Home Insurance Program today:

We continue to spread the exciting news about our CTA-endorsed auto and home insurance program. They lowered their auto rates in 2010, and if you haven't looked at their rates recently, it may be a good time to do so. See what Martha Seaman of Southwest Teachers Association, San Diego County found:

I wasn't looking to change my automobile insurance carrier when a California Casualty representative visited my school and offered to prepare a quote for me. She explained that they had recently reduced their auto insurance rates and that it would only take a few minutes of my time. I figured "why not – it wouldn't hurt to look." I was very surprised to see that I could switch both my auto and home policies to California Casualty and save about \$1,000 in annual premiums. I'm so glad that I took the time to talk to her and look at the quotes. It's great that CTA provides benefits and savings like this to their members. My savings on the California Casualty products alone exceed the cost of my annual association dues!
